

GKA ARTS 2020 – II INTERNATIONAL CONFERENCE ON ARTS AND CULTURES
October 1–2, 2020 | Universidad de Cádiz | Cádiz, Andalusia – Spain

The International Conference on Arts and Cultures is an important space for the exchange of ideas and practices among international researchers, functioning as an interdisciplinary forum and as a seed for future collaborative projects. The conference will feature prominent speakers and posters, workshops and seminars given by professors, researchers and specialists from the public and private sectors in three different languages: English, Spanish and Portuguese.

In 2020, the main topic of the conference will be
“CINEMA AS SUBVERSIVE ART: AVANT-GARDE, RESISTANCE AND REARRANGEMENTS”

When defining the work The cinema as a subversive art of the Austrian-born film critic Amos Vogel, the II International Conference on Arts and Cultures uses the same title of this work as a reference, not to limit itself to those desires or tastes of Viennese by censored films for its disturbing content and with explicitly sexual or violent images, but for seeing in the cinema, in addition to the above, an inciting, answering, transforming, avant-garde and critical art. In short, it is to appreciate from the beginning of the cinema its competences to be art and its capacity as a catalyst for socio-cultural changes, at national and international level.

Delegates can also submit a proposal addressing one of the recurring topics of the conference:

- Topic 1: Art, Culture, and Society
- Topic 2: Management of Culture and the Arts
- Topic 3: Cultural and Artistic Heritage
- Topic 4: Curating, History of Art, and the Art Market
- Topic 5: Theory of Art and Contemporary Esthetic
- Topic 6: Art, Technology, and the Media

Selected conference papers will be published in “The International Arts and Cultures Review”.

The next DEADLINE for submitting a proposal to the conference (i.e., a title and an abstract) is
